Education

April 2014 **Ph.D. in Clinical Psychology Expected**

April 2008 **Bachelor of Science in Brain, Behavior, and Cognitive Science**
University of Michigan, Ann Arbor
Thesis: Influences of Attentional-Control on Memory Biases in Major Depressive Disorder
Advisor: Patricia Deldin, Ph.D.

Honors and Awards

2008 University Honors, University of Michigan
2007 University Honors, University of Michigan
2006 Golden Key: International Honor Society, University of Michigan

Teaching Experience

2008 **Intergroup Dialogue Facilitator**
Psychology 122: China/US dialogue
University of Michigan, Ann Arbor, Department of Psychology & IGR
Lead a 2 hour section of 18 students. Facilitated in-class exercises that focused on helping students understand social justice around citizenship across the US and the Chinese diaspora. Developed new curriculum under supervision. Read and graded weekly written assignments.

2006 – 08 **Music Directorship**
Kopitonez A Capella
University of Michigan, Ann Arbor
Lead 2 rehearsals for 2 hours per week for 14 undergraduate students. Found and developed music theory and vocal exercises that met the needs of the group. Arranged and taught music to the students in preparation for performances.

2005 **Intergroup Dialogue Facilitator**
Psychology 122: Gender dialogue
University of Michigan, Ann Arbor, Department of Psychology & IGR

Lead a 2 hour section of 16 students. Facilitated in-class exercises that focused on helping students understand the socialization of gender stereotypes. Read and graded weekly written assignments.

Clinical Experience

Aug/08 – Present **SCID Interviewer**
Conducted SCID interviews for research projects recruiting for subjects with Major Depressive Disorder as well as healthy controls.
Clinical Supervisor: Patricia Deldin, Ph.D.

May-Aug 2008 **Clinical Practicum Trainee**
Structured Clinical Interview for DSM-IV (SCID) Practicum, University of Michigan, Ann Arbor
Clinical Supervisors: Laura Nisenson, Ph.D. and Patricia Deldin, Ph.D.
Assessed and diagnosed severe psychopathology in an adult inpatient unit at the University of Michigan Hospital utilizing the SCID I. Provided findings to the treatment team through brief reports.

Research Experience

2008 – Present **Research Associate**
University of Michigan: Cognition and Depression Lab
Task-switching and rumination in major depression
P.I.: Patricia Deldin, Ph.D. and John Jonides, Ph.D.
Designed and wrote scripts for a Task-switching paradigm. Piloted subjects and analyzed data for presentation during weekly lab meetings.

2008 – Present **Research Associate / Project Co-ordinator**
University of Michigan: Mood and Schizphrenia Lab
Modulation of frontal EEG assymetry from slow wave sleep disruption
P.I.: Patricia Deldin, Ph.D.
Designed sleep disruption protocol and developed data management systems. Recruited subjects through phone screening as well as SCID interviews. Scheduled lab shifts for a 5-night study and trained undergraduates in EEG hook-up technique.

2007 **Subject Recruitment**
University of Michgan, Ann Arbor
Perinatal Infant-Mother Attachment and Cortisol Project (PIMAC)
P.I.: Heather Flynn, Ph.D.
Recruited subjects for the study in the waiting room of the gynecology clinic.

2006 – 2008 **Research Assisstant**
University of Michigan: Mood and Schizophrenia Lab
Simultaneous data acquisition of fMRI and ERP
P.I.: Patricia Deldin, Ph.D.
Protocol development in the fMRI and ERP techinque. Participated in and helped run subjects. Recieved training in working with an EEG cap.

2005 **Research Assisstant**
University of Michigan: Hutsler Lab
Pyramidal cell development in autistic brains
P.I.: Jeffrey Hutsler, Ph.D.
Looked at pyramidal cell structure in autistic brains and worked on developing cell staining techniques

2004 **Research Assisstant**
University of Michigan: Aldrige Lab
Neural activity in basal ganglia during movements and rewards
P.I.: Wayne Aldrige, Ph.D.
Handled rats in preparation for human contact. Recorded and coded rat movements after dopamine injection.

Manuscripts in Preparation

Hyang-Sook, K., Deveney, C., Cheng, P., Deldin, P. (2008) Influences of Attentional-Control on Memory Biases in Major Depressive Disorder. Manuscript in preparation.
